Subject:-- Improving the Prospects of the pay of the Driver
in charge of Electric Pump at Lal-Bagh.

--:0:--

Sir,

I have the honour to state that the Driver in charge of the Electric Pump at Lal-Bagh represents to me to say that the pay of Rs.30/- given to him is very low as compared with the pay given to the allied post in the Electrical Department. This fact was -- verified with reference to the Electrical Development, who after -- examining the capabilities of the man recommend for the grant of -- minimum pay of the Operator given in their Department viz, 50-10-100 for a qualified person(A copy of opinion given is furnished for information) and for changing his designation as Operator. The Electrical Department was requested to provide him^{with} a post in their Department and to send on experienced man for the post in this -- Department to which they are not willing to take him on the ground that they have a number of qualified and more experienced men who have put in greater number of years service than the present Driver. In view of the Driver Nazir Ahmed having put in^a Service of 10 years in this Department and has been looking after the pump satisfactorily I consider that some increase in the present post is absolutely -- necessary, since he has no other chances of any promotion in the --

Department. I therefore recommend that he may be given the grade of Rs.40-5/2-60. The extra cost involved in this connection -- would be only Rs.22/- per mensem and I therefore request that -- sanction of Government may kindly be obtained in the matter and to change his present designation from Driver to Operator, -- necessary instructions being given to include the amount in the next years budget of this Department.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Horticulture.
